Genuine Parts Credit Union now offers Self-Service Savings Deductions

Note: You must have a credit union account before setting up your savings deduction!!!

The credit union has added this feature so members can have more control over their savings. Members can select the amount of their savings deduction as well as when their deductions start or stop. Members can also change the amount of their deduction at any time.

GPCU now makes it easier than ever for members to save. The choices are Payroll Deduction (General Deduction) or by sending a deposit via inner-office mail or the US Postal Service.

Genuine Parts Credit Union offers one of the highest dividend/interest rates available anywhere! Total deposits per calendar quarter are now unlimited with an account maximum of \$250,000. *Accounts up to \$250,000 are insured by the National Credit Union Administration.*

Instructions for starting, stopping or changing savings deduction via Payroll Deduction (General Deduction):

Log in to GPC Connect > Resources tab > My Personal Information > My Genuine Parts Credit Union Savings > My GPCU Savings Contributions and follow the prompts.
